Welcome to the “Crown Jewel” on the very desirable and highly respected Big Gull Lake. A rare opportunity when a property comes available for sale on this quality lake; known for its natural beauty of untouched and unspoiled vast amounts of shoreline, with clear water, loads of granite rock and tall majestic white pines. This large lake is fantastic for swimming, boating and great fishing. The island has big views across the lake and features a fantastic look out deck where you can sit and enjoy the sunsets over pinnacle point, a well-known rock escarpment on the lake. This 2.4-acre island is so picturesque and has been manicured to feel like you are in a park like setting while letting the breeze flow through the trees. The cabin is quaint and cozy, a great place for family and friends to lay their heads. It is fully wired and can be ran by generator (hydro layout has been completed and quotes from private contractors obtained). Propane fridge, stove, and hand pump for lake water into kitchen to help with creature comforts. The screened porch is a place to relax, read a book or sit and enjoy lunch while enjoying the view. Fantastic woodstove keeps the cottage very warm on those cool fall evenings. For anyone looking for their piece of paradise, and for a property that is a very rare find - you will love this place!
